

Established in 2014, PH Borneo Sdn Bhd is a Petronas licensed Sarawakian trading and services provider, supporting the major onshore and offshore heavy industries including oil and gas, petrochemical, power sector, shipyards, palm oil, etc., across Borneo, West Malaysia and beyond. PH Borneo is committed to delivering products and services in a timely, professional and cost-effective manner. This includes a wide range of products and specialized project support services to add value to our customers' requirements.

PH Borneo is registered for a broad spectrum of SWEC codes to support Petronas, PETROS, Shell, Carigali and all the major customers in the region. We have developed an impressive network of global strategic partners and suppliers / manufacturers to bring the latest technologies and services to the local markets.

## VISION
